subsequently called "customer".

The form concerns a system-guided tool of the STEPCRAFT GmbH & Co. KG, the diode laser DL445, subsequently referred to as "product".

The customer declares that he has reached the age of 18 and that he has fully read and understood the operating and safety instructions (see <https://www.stepcraft-systems.com/images/service/operating-and-safety-instructions-DL445.pdf/>) for the product.

The customer is aware of the product being a class 4 laser. Only if the customer has a sufficient specialized and safety knowledge is he allowed to operate the product. The customer declares that he has enough knowledge in order to judge the physical properties as well as the biological effects of laser radiation, the legal bases and rules of technology, the laser classes and their respective limit values and dangers (direct / indirect), the selection and implementation of safety measures and the dangers of a laser system.

Furthermore, the customer declares that he is only going to operate the product according to its intended use in order not to endanger the safety and health of himself or a third party. The customer is solely and fully liable for injuries to a third party.

In case of demanding support of the STEPCRAFT GmbH & Co. KG due to a violation of such rights of a third party, the customer obliges himself to fully release the STEPCRAFT GmbH & Co. KG from such claims of a third party and to refund all costs of a legal defense to the STEPCRAFT GmbH & Co. KG as well as every further loss due to enlisting STEPCRAFT. The customer is obliged to fend off even unwarranted claims of a third party with regard to above mentioned rights. If the customer refuses the exemption and leaves the decision to the STEPCRAFT GmbH & Co. KG whether the claims of the third party are warranted, he has to reimburse the STEPCRAFT GmbH & Co. KG the costs for this decision.

This declaration is subject to the law of the Federal Republic of Germany.
